participant's name		participant's address	
phone number			

I will be travelling to Gambia in April 2022 to be part of a UK team of young people raising over 1000 villagers out of water poverty. We will be providing and installing water filters, delivering training in their sustainable, and water hygiene awareness. This 9-day venture is organised by **Amor Europe**, a Christian charity based in the UK. In order to make this trip possible I will need to raise financial support of £1,500. All proceeds will go towards the direct costs of the trip and the participants have to raise all the money themselves. Please make this trip possible by making a donation. Please make cheques payable to "\_\_\_\_\_".
